

Environment Policy Statement

Krause & Hall Ltd is committed to minimising its impact on the environment during the provision of overhead line construction support, engineering, delivery and planning services to the Rail Industry, by following these principles;

- Protecting and improving the environment.
- Preventing pollution.
- Minimising resource usage.
- Minimising nuisance.

Krause & Hall Ltd set objectives to improve environmental performance; we encourage all who work with, and for, our company to make improvements to the environment and keep pollution incidents to a minimum, whilst striving to achieve continual improvement. The Company objectives and targets shall be communicated, measured, monitored and reviewed by Management.

We will implement environmental management practises appropriate to the location, scale and nature of our activities. Specifically, we will:

- Meet, and where appropriate exceed, all relevant UK environmental legislation and regulatory codes of practice
- Review all of our activities to identify and evaluate their environmental impact and set priorities for addressing these
- Minimise any negative environmental effects caused by our operations and activities, use energy and natural and non-renewable resources efficiently, and minimise waste and pollution
- Purchase, wherever possible, environmentally-preferable goods and services and influence our suppliers and subcontractors to ensure that goods and services procured support our environmental policy
- Take measures to increase staff awareness of our environmental performance and individual environmental responsibilities, and ensure that environmental management is included within tool box talks and training

Krause & Hall Ltd shall ensure that staff and subcontractors are fully aware of this environmental policy statement, and expected everyone to discharge their responsibilities in order to meet the requirements of this policy.

This policy shall be reviewed annually as a minimum, as defined in our Company Health, Safety, and Environment Manual.

Signed

Managing Director
